

get on board

VISTA-21iP..Your Ticket to Opportunity.

Honeywell's exciting new VISTA-21iP Control Panel delivers a full communications solution with an integrated Internet Communicator and optional snap-in GSM radio right on board—providing you with an excellent way to meet the needs of the growing number of broadband communication users while growing your business. And four paths of communication—including a standard TELCO dialer, the Internet, GPRS and SMS—help ensure that signals get through.

Best of all, when used with Total Connect—Honeywell's groundbreaking solution that lets your customers utilize the Internet, PDAs and cell phones to stay connected to their homes and businesses—the opportunities to increase RMR are endless! Your ticket to opportunity is ready. Are you?
