

ProxKey II™ Proximity Keyfob

The new ProxKey II Proximity Keyfob incorporates proximity technology into a device approximately the size of an automotive key. Small and convenient, the ProxKey II keyfob is always there when you need it, on your key ring.

HID's advanced technology allows the ProxKey II keyfob to be programmed with up to 37 bits of Wiegand formatted information for universal compatibility with all Wiegand reader applications. The new ProxKey II proximity keyfob can accommodate an external number for easy identification and control.

The programmable ProxKey II keyfob is another example of HID's commitment to bringing advanced technology to the radio frequency identification market.

1345 Series

Specifications

Typical read range:

MiniProx™ reader	up to 2" (5 cm)
ThinLine II™ reader	up to 2" (5 cm)
ProxPro™ reader	up to 3" (7.5 cm)
MaxiProx™ reader	up to 12" (30 cm)

Dimensions:

1.9" x 0.9" x 0.345" max.
(4.83 x 2.29 x 0.88 cm)

Operating temperature:

-50° to 160° F (-45° to 70° C)

Operating humidity:

5-95% relative humidity (noncondensing)

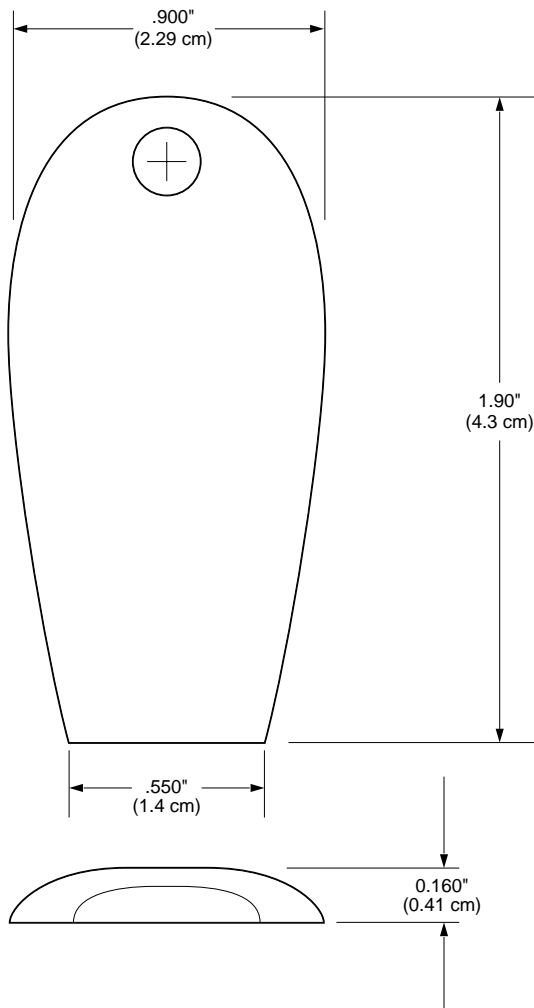

Weight:

0.26 oz. (7.3 gm)

Warranty:

The ProxKey II proximity keyfobs are provided with a lifetime warranty against defects in materials and workmanship. (See complete warranty policy for details.)

Specifications subject to change without notice.
5365 9/96, supersedes 8/95
Printed in the U.S.A.

Features

Proven, reliable technology: The read range of the ProxKey II™ keyfob is extremely consistent. It is not affected by body shielding or variable environmental conditions, even when close to keys and coins.

Small and convenient: Carry it with your keys in your pocket or handbag.

Cross-reference: A cross-reference list correlating the external number and the programmed ID number is provided for easy system administration. External numbers matching the encoded numbers are available.

Security: The ProxKey II keyfobs offer over 137 billion unique codes.

Long life: ProxKey II keyfobs offer a passive, no-battery design allowing an infinite number of reads.

Durability: The ProxKey II keyfob package is strong for resistance to cracking and breaking.

Part number

Base Part No.: 1345

Description: 125 kHz, Charcoal Gray, External Number does not match Encoded ID Number.

Option: • External Card Numbering
