

**MS-2410BC Manual Rev. B
Silence Inhibit
Supplement**

Document 51979 Rev A 04/11/02 ECN 02-199

IMPORTANT! Silence Inhibit feature is not ULC approved.

The Silence Inhibit program feature, described on page 41 of the MS-2410BC Revision B manual (Document #50801), is not a ULC approved feature. This option must therefore remain disabled, which is the factory default condition.
