

FA270VKP

TALKING KEYPAD WITH FIXED WORD DISPLAY

The FA270VKP voice keypad with fixed word display is easy to install and simple to use. It takes the guesswork out of security system operation by speaking system status and zone information in plain English.

Homeowners can also use the FA270VKP to record and playback voice messages.

The attractive white console blends perfectly with any décor and features a contoured, removable door that conceals soft-touch illuminated keys. The function keys remain easily accessible even when the keypad door is closed. FA270VKP has a bright backlit fixed word display.
