FA701CKP

COLOR TOUCHCENTER GRAPHIC KEYPAD

First Alert Professional's innovative color TouchCenter Graphic Keypad makes operating your system easier than ever.

A simple touch on the screen and you can arm and disarm your system, bypass zones or control lights and some appliances. With easy to understand icons and menu-driven prompts, you are walked through the system operation every step of the way.

- Big, bright, colorful graphic display is easy-to-read and is the ultimate in convenience
- Innovative color touchscreen operation
- Easily operate security and lighting

FEATURES:

Color: The Color TouchCenter Graphic Keypad provides a vibrant full-color touchscreen display that makes it easier than ever to take advantage of your security system features

Arm System:
– Away
– Stay
– Night

User Codes: Authorized users can add or delete codes

Bypass Option: If system is not ready to arm, displays any open zones with:
– Zone number
– Zone description
– Status

Event Log: The Color TouchCenter Graphic Keypad conveniently stores the most recent actions involving system use
– View when the system was used and who used it
– Keep tabs on family members (i.e., checking if a child has armed the system upon returning home from school)
