

In Touch With Your Lifestyle

TouchCenter Graphic Keypad Family

Your One-Touch Security Solution.

TouchCenter Graphic Keypad Family

The most sophisticated, exciting advance in security and home control.

A blend of head-turning style and sophisticated technology, the state-of-the-art touchscreen keypad makes security system operation easier than ever—with graphics and menu-driven prompts guiding you every step of the way. By simply touching the graphics on the intuitive, easy-to-read touchscreen display, you can conduct a variety of tasks with unprecedented ease.

There is a member of the Graphic Touchscreen Keypad family to suit every lifestyle and budget—including color or black and white displays and keypads with convenient voice prompts to guide you every step of the way! With homescreen customization*, you can even display a family photo or the central station phone number.

For the ultimate in convenience, comfort and control, count on Honeywell's Graphic Keypad family. The intelligent design lets you add real security to your home and enjoy lifestyle-enhancing benefits you won't find anywhere else. No other keypad can touch it!

*Please speak to your First Alert Professional Authorized Dealer about customization options.

Security Made Simple

Whether arming or disarming your system, bypassing zones or controlling lights, the TouchCenter Graphic Keypad Family makes operation crystal clear, with no complicated commands to remember or blinking lights to interpret.

Keeping You in Touch

The built-in message center is a great way to keep you in touch! Ideal for busy households, this valuable feature lets family members record and playback voice memos for one another.

Home Control

Enjoy all the comforts of home thanks to centralized, fingertip control of lighting, appliances, garage doors and more.*

When Seconds Count...

...count on voice! Our voice option enables your security system to announce the type and location of alarm to give your family all the time they need to react in an emergency situation.

Customize It!

TouchCenter allows you to customize the keypad homescreen with a family picture or name to make it feel more personalized.

*May require extra modules.

Bypass Zones

Arm Your System

Message Center

Event Log

A press on the touchscreen is all it takes to access the event log, which conveniently stores the most recent actions involving system use. Now you can quickly and easily:

- Keep tabs on family members (e.g., checking if your children have armed the system upon returning home from school).
- Track when workers and temporary guests use the system.
- View when the system was used and who used it.

Purchasing a security system for your home or business is an important decision. Start by choosing a First Alert Professional authorized dealer who will provide the best products and services.

First Alert Professional security systems are designed and manufactured by Honeywell, an industry leader in security technology and a name you can trust. Your First Alert Professional authorized dealer will work with you to custom design a security system to meet all your needs.
