The FA701VKP TouchCenter Graphic Keypad has voice capabilities and a large, bright display. This state-of-the-art black and white graphic touchscreen keypad actually speaks to you. Voice prompts will guide you every step of the way. By simply pressing the touchscreen with easy-to-read display, you can conduct a variety of everyday tasks with ease.

For the ultimate in convenience, comfort and control, count on First Alert Professional's FA701VKP TouchCenter Graphic Keypad. The intelligent design lets you add real security to your home and enjoy lifestyle-enhancing benefits you won't find anywhere else.

Security Made Simple

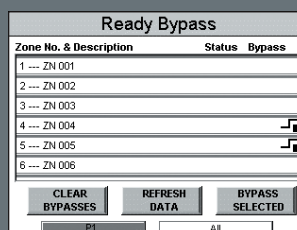

Whether arming or disarming your system, bypassing zones or controlling lights, the FA701VKP TouchCenter Graphic Keypad makes operation crystal clear, with no complicated commands to remember or blinking lights to interpret. Even the most advanced security system functions are simple, because the FA701VKP's menu-driven prompts with voice walk you through them step by step.

Customized Control

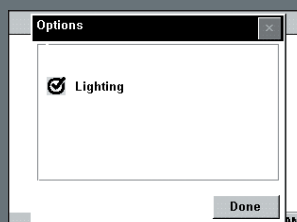

FA701VKP TouchCenter Graphic Keypad lets you enjoy the comforts of home by providing centralized, fingertip control of lighting, appliances, garage doors and more. You'll have peace of mind knowing that your home and family are safe and secure while enjoying the comforts of home automation.

Keeping You in Touch

For hassle-free family communication, the built-in message center is a great way to keep you in touch. Ideal for busy households, this valuable feature lets family members record and playback voice memos for one another.

Event Log

A press on the touchscreen is all it takes to access the FA701VKP's event log, which conveniently stores the most recent actions involving system use. Now you can quickly and easily:

- Keep tabs on family members (e.g., checking if your children have armed the system upon returning home from school).
- Track when workers and temporary guests use the system.
- View when the system was used and who used it.
