

"Want to know when ..." Video Options Checklist

- Kids get home on time? Home alone?
- Nanny or babysitter in charge?
- Pets: Naughty or nice?
- Who's at the door? Anytime or any time the doorbell is rung.
- Safe, gun or liquor cabinet accessed?
- Cleaning/pool service comings & goings
- 2nd home/vacation house

What's cookin' with the kids after school?

Is Fido in his bed or yours?

NAPCO INTERNET VIDEO

Keep an eye on the home via cell phone, email or the Internet – easily and affordably.

ATTENTION NEW & VALUED CUSTOMERS:
Call us today to arrange a free home video consultation.

Peace-of-mind delivered via cell phone or internet anywhere you go.

Affordably keep an eye on your home, family and/or pets, all from any Internet PC or video cell phone.

- Kids, pets or babysitter left home alone?
- Who's at the front door?
- Did kids get home from school?
- What's happening at the vacation home, when you're not there?

Now, you can automatically be kept in touch via phone or email, or anytime there's an alarm reported by your Napco Security System. Or, simply check in yourself, anytime, anywhere right over the internet. View video as it happens or store it for later review.

Cause for alarm?

Your Napco security system can automatically send you video during an alarm by emailing your PC or your cell phone.

Latchkey kids:

Just home ... or home alone? With Napco video you'll know, even if you're still at the office on your PC via email!

Supports new and existing cameras, too.

Child care:

Check in on the babysitter or the baby at will? With Napco video you'll know, live-action or review images later!

Are they playing it safe?
