Simon® 3
Simon 3 Packages

Simon 3 Packages

Simon 3 packages include an Owner's Manual and Installation Instructions. Control panel is UL listed; see Installation Instructions for listings and requirements. Listed with California State Fire Marshall. CUL (UL Canada) listed. Compatible with SAW and crystal sensors. Simon 3 packages include a transformer, 24-hour backup battery, phone cord, and hardware kit.

Simon 3 Starter Packages with X10

Part Number	Product Name	Product Description & Notes	Col 4
80-632-3X	Simon 3 Starter Package A1	Includes Simon 3 panel, line carrier transformer, phone cord, 24-hour rechargeable backup battery, RJ31X telco jack, Owner's Video.	\$158.00

Simon 3 SAW Packages with X10

Part Number	Product Name	Product Description & Notes	Col 4
80-307-3X	Simon 3 SAW Package A2	Includes Simon 3 panel, line carrier transformer, phone cord, 24-hour rechargeable backup battery, RJ31X jack, Owner's Video, (2) SAW Door/Window Sensors, (1) SAW Pet Immune PIR Motion Sensor.	\$229.00
80-305-3X	Simon 3 SAW Package A3	Includes Simon 3 panel, line carrier transformer, phone cord, 24-hour rechargeable backup battery, RJ31X jack, Owner's Video, (2) SAW Door/Window Sensors, (1) SAW Pet Immune PIR Motion Sensor, (1) 4-Button SAW Keychain Touchpad.	\$249.00
80-249-3X	Simon 3 SAW Package A4	Includes Simon 3 panel, line carrier transformer, phone cord, 24-hour rechargeable backup battery, RJ31X jack, Owner's Video, (3) SAW Door/Window Sensors, (1) SAW Pet Immune PIR Motion Sensor.	\$249.00
80-517-3X	Simon 3 SAW Package A5	Includes Simon 3 panel, line carrier transformer, phone cord, 24-hour rechargeable backup battery, RJ31X telco jack, Owner's Video, (3) SAW Door/Window Sensors, (1) SAW Pet Immune PIR Motion Sensor, (1) 4-Button SAW Keychain Touchpad.	\$269.00
80-450-3X	Simon 3 SAW Package A7	Includes Simon 3 panel, line carrier transformer, phone cord, 24-hr rechargeable backup battery, RJ31X jack, Owner's Video, (3) SAW Door/Window Sensors.	\$200.00
80-460-3X	Simon 3 SAW Package A8	Includes Simon 3 panel, line carrier transformer, phone cord, 24-hr rechargeable backup battery, RJ31X jack, Owner's Video, (5) SAW Door/Window Sensors.	\$250.00

Simon 3 Accessories

Simon 3 Accessories			
Part Number	Product Name	Product Description & Notes	Col 4
60-913	Simon 3 Line Carrier Transformer	Provides primary power to the panel. Required for X10 capability. UL listed.	\$14.04
60-898-ITI	Simon 3 Class II Transformer	Provides primary power to the panel. No X10 capability. UL listed.	\$5.15
60-913-CN	Simon 3 Line Carrier Transformer - Canada	Provides primary power to the panel. Required for X10 capability. CSA listed.	\$14.04
60-898-CN	Simon 3 Class II Transformer - Canada	Provides primary power to the panel. No X10 capability. CSA listed.	\$5.15
60-914	6 VDC, 1.2 Ah 24-Hour Rechargeable Backup Battery	Included with all Simon 3 panels. Provides 24 hours backup power to the panel and to hardwire devices when AC power is out.	\$10.35
60-720-3	Simon 3 Table Mounting Base	For table top mounting.	\$8.31
13-081	RJ31X Telco Jack		\$1.81
49-442	Phone Cord	Included with panel.	\$1.92
60-915	Simon 3 Braille Set	Braille overlay for the Simon 3 panel.	\$9.95

Simon 3
Simon 3 Peripherals

Simon 3 Peripherals			
Part Number	Product Name	Product Description & Notes	Col 4
60-787	Simon Interrogator® Two-Way Voice Module - Simon and CareGard	Add additional remote two-way voice capability to a Simon 3 Two-Way Voice panel. Gives the central station operator the ability to hear what is happening during an alarm and to speak directly to the people on the premises. Two-way voice speaker and microphone. Not compatible with Simon 1.0, Simon 2.0 Basic Spanish, or Simon 3 non-Two-Way panels.	\$64.93
60-971	Simon Wireless Gateway Module	Provides the ability to control and monitor a Simon system (version 3.5 or later) using an internet web site. A wireless data transceiver on the module provides the link from the Simon system to the web site through a wireless 2-way paging network. Service available through a third party provider at additional cost. Service not available in all areas.	\$186.16
60-879-95R	Dialog Telephone Interface Module	The Dialog Telephone Interface Module (DTIM) is a remote-mounted, battery-powered wireless module receives signals from the panel and uses the telephone line to report to the central station. Provides additional security in that it can still report events if the control panel is damaged during a break in or fire. Supervised, with low-battery signal. Compatible with Simon 3 version 4.1 and later.	\$59.46
60-909-95	Dialog RF Electronic Thermostat	Monitors and controls temperatures by integrating heating and cooling features into the security system. The panel and the thermostat communicate via a two-way wireless communications link. The thermostat uses low and high temperature limits to save energy. Temperature limits set in the panel determine whether the heat or air conditioning turns on. Currently only compatible with Simon 3 panels, version 3.3 or later.	\$150.24

Simon 3
Simon 3 Wireless Touchpads

Simon 3 Wireless Keychain Touchpads

Provides portable control of the security system. LED confirms RF transmission. Recessed buttons help prevent false alarms. Batteries are included.

Part Number	Product Name	Product Description & Notes	Col 4
60-707-01-95R	2-Button SAW Keychain Touchpad		\$25.95
60-832-95R	2-Button Encrypted SAW Keychain Touchpad	Encryption provides increased security of wireless communications. Compatible with Concord Express, Concord (version 2.0 or higher), Concord Commercial (version 2.0 or higher), and Simon 3.	\$27.80
60-659-95R	4-Button SAW Keychain Touchpad	Light control capability.	\$25.95
60-694-95R	5-Button SAW Keychain Touchpad	Light control capability. Provides single button panic control.	\$32.44
60-607-319.5	2-Button Crystal Keychain Touchpad		\$27.80
60-606-319.5	4-Button Crystal Keychain Touchpad	Light control capability.	\$32.44
Wireless SAW Keychain Touchpad Bulk Packs			
60-659-95R-PK	4-Button SAW Keychain Touchpad, 25/pk	25-pack of 60-659-95R.	\$616.26
60-707-01-95R-PK	2-Button SAW Keychain Touchpad, 25/pk	25-pack of 60-707-01-95R.	\$616.26
Wireless Keychain Touchpad Accessories			
60-711	12V 33 mAh Alkaline Battery, 6/pk	For use with Keychain Touchpads.	\$4.92

Simon 3 Wireless Two-Way Talking & Hand-Held Touchpads

Part Number	Product Name	Product Description & Notes	Col 4
60-924-3	Simon 3 TouchTalk Two-Way Talking Touchpad	Integrated two-way RF signal verification. Provides operational control of the panel. Not compatible with Simon 2.0 or Simon 1.0. Batteries included.	\$64.93
60-924-3-01	Dialog QS1500 TouchTalk Interactive Touchpad	Allows the use to arm, disarm, activate panic alarms, check system status, control lights and hear voice feedback. The touchpad has two operating modes: key mode, which is compatible with Simon 3 panels version 3.3 and later; and chime mode, compatible with Simon 3 panels 4.1 and later.	\$69.09
60-671-95R	Simon Hand-Held Wireless Touchpad	Provides remote control of the security system. Includes emergency panic button, light control and status control. Batteries included.	\$46.36
60-790	Simon Hand-Held Wall Mount Bracket		\$4.63
60-710	1.5 VDC AAA Alkaline Battery, 6/pk	For use with Simon Hand-Held and TouchTalk Two-Way Touchpads. Price break at 6 units.	\$4.37

Simon 3
Simon 3 Demonstration Kits & Programming Products

Simon 3 Demonstration Kits

Part Number	Product Name	Product Description & Notes	Col 4
80-213-3	Simon 3 Demonstration Kit	Simon panel w/Integrated Two-Way Voice, line carrier transformer, phone cord, (2) SAW Door/Window Sensors, (1) inactive PIR motion sensor, (1) X10 Lamp Module Pro, (1) X10 Powerhorn Siren, (1) SAW 4-Button Keychain Touchpad, (1) 9V Lithium Battery, Owner's Manual, Demo Kit Instructions, soft-sided carrying case.	\$275.00

Simon 3 Programming Products

Part Number	Product Name	Product Description & Notes	Col 4
60-675-WIN	ITI ToolBox® for Windows®	PC-based remote programming software. Downloads control panel information for new installations. Updates existing panel programming. Uploads control panel information for new accounts. Easy, menu-driven interface with on-line help. Modem required.	\$3.10
60-719	ToolBox Modem Kit	Includes modem and instructions.	\$225.00

PremisesConnect™
PremisesConnect Service Plans and Hardware

PremisesConnect

PremisesConnect uses cutting-edge technology to provide a web-based service that enables customers to interact more frequently with their security system through the website, www.premisesconnect.com. With PremisesConnect, homeowners that subscribe to the service have the ability to personalize notifications, which provide them with valuable information about what is going at home when they are away. Users can choose to receive these notifications by email, text messaging or telephone. The PremisesConnect service is enabled with Simon 3, version 4.0 and higher.

PremisesConnect Service Plans

Part Number	Product Name	Product Description & Notes	Col 4
600-1015	Basic Plan	Unlimited email and text messaging notifications only. No telephone notifications are included with this plan.	\$6.75
600-1016	Basic Plus Plan	Unlimited email and text messaging notifications and up to 15 telephone notifications per month.	\$12.00
600-1017	Additional Telephone Notification Charge	Any call made outside of the designated plan will be charged individually.	\$0.30
600-1018	One-time Setup Fee	One time setup and activation fee billed in the first invoice.	\$99.00

PremisesConnect Service Hardware

Part Number	Product Name	Product Description & Notes	Col 4
600-1012	Broadband Ready Simon 3	24 zones, including 2 built-in hardwire zones. Includes the Ethernet Interface Module and cable assembly to enable Internet connectivity. Compatible with SAW and crystal sensors. Includes Two-Way Voice capability. Includes 24-hour backup battery, phone cord, Owner's Manual, Installation Instructions and hardware kit. Ethernet cable, transformer and RJ31X telco jack are sold separately.	\$270.30
60-938	Ethernet Interface Module	Provides the ability to control and monitor a Simon system (version 4.0 and higher) using premisesconnect.com . Module connects to a DSL or cable modem (broadband) and reports events to the premisesconnect.com website. Ethernet cable not included. May also be used for tcp/ip alarm reporting with an Osborne-Hoffman receiver.	\$135.15
CC-GW0604	4-Port Gateway Router	4-port router manufactured by D-Link.	\$46.75
60-913	Simon 3 Line Carrier Transformer	Required for X10 capability. UL listed.	\$14.04
60-898-ITI	Simon 3 Class II Transformer	No X10 capability. UL listed.	\$5.15

Allegro™ Allegro System

Allegro System

Allegro is an easy-to-install, economical system that consists of two main components: a control panel and a communications module. The panel offers up to 20 zones of burglary or fire protection. The communications module provides the link between the control panel and the central station. The physical separation of the panel and communications module ensures that they can be placed where the customer wishes. For example, the communications module can be placed where the phone line comes into the house, while the panel can be placed at the front door for convenient arming and disarming. Allegro decreases installation time without compromising on quality. An average 4-zone system takes only 45 minutes to install. The only wires that need to be run are connecting the power source to the panel and plugging the phone line into the communications module.

Allegro Packages

The Allegro panel and Dialog Telephone Interface Module package includes these major components:

- An Allegro panel with built-in radio receiver/transmitter. 20-zone capability (1 supervised hardwire zone). Compatible with most SAW and crystal sensors. 4 programmable user codes. Built-in 85 dB siren. Liquid Crystal Display. Includes a 24-hour backup battery and transformer. Requires DTIM for telecommunications capability.
- A Dialog Telephone Interface Module (DTIM). Remote-mounted, battery-powered wireless module receives signals from the panel and uses the telephone line to report to the central station. Provides additional security in that it can still report events if the control panel is damaged during a break in or fire. Supervised, with low-battery signal. Compatible with Allegro and Simon 3 version 4.1 and later.

Part Number	Product Name	Product Description & Notes	Col 4
80-697	Allegro Panel and DTIM Package	Includes Allegro panel, Dialog Telephone Interface Module, Class II transformer, rechargeable panel battery, RJ31X telco jack, phone cord. Includes Owner's Manual and Installation Instructions.	\$169.95

13-081	RJ Jack	Included with packages.	\$1.81

CareGard®
CareGard Personal Emergency Response System

CareGard Personal Emergency Response System

The CareGard Personal Emergency Response System is designed to be used for emergency notification. The CareGard control panel lets people report an emergency at the press of a button. A two-way voice module is integrated in the panel. The panel controls all functions, processes signals from panic sensors, and reports emergencies via the phone line.

CareGard Control Panel

Concord Wireless SAW Packages

Part Number	Product Name	Product Description & Notes	Col 4
80-837	Concord Wireless SAW Package I3	Includes Concord Integrated 16-zone panel, 2x16 LCD Touchpad, phone cord, RJ31X jack, lock set, (2) SAW Door/Window Sensors, (1) SAW Pet Immune PIR Motion Sensor, (1) 4-Button SAW Keychain Touchpad, (1) hardwire interior speaker. Battery, transformer and Owner's Video sold separately.	\$243.85

Concord Wireless Crystal Packages

Part Number	Product Name	Product Description & Notes	Col 4
80-871	Concord Wireless Crystal Package J2	Includes Concord Integrated 16-zone panel, 2x16 LCD Touchpad, phone cord, RJ31X jack, lock set, (2) Crystal Door/Window Sensors, (1) Crystal PIR Motion Sensor, (1) hardwire interior speaker. Battery, transformer and Owner's Video sold separately.	\$238.85
80-872	Concord Wireless Crystal Package J3	Includes Concord Integrated 16-zone panel, 2x16 LCD Touchpad, phone cord, RJ31X jack, lock set, (2) Crystal Door/Window Sensors, (1) Crystal PIR Motion Sensor, (1) 4-Button SAW Keychain Touchpad, (1) hardwire interior speaker. Battery, transformer and Owner's Video sold separately.	\$255.85
80-873	Concord Wireless Crystal Package J4	Includes Concord Integrated 16-zone panel, 2x16 LCD Touchpad, phone cord, RJ31X jack, lock set, (3) Crystal Door/Window Sensors, (1) Crystal Motion Sensor, (1) hardwire interior speaker. Battery, transformer and Owner's Video sold separately.	\$255.85
80-874	Concord Wireless Crystal Package J7	Includes Concord Integrated 16-zone panel, 2x16 LCD Touchpad, phone cord, RJ31X jack, lock set, (3) Crystal Door/Window Sensors, (1) hardwire interior speaker. Battery, transformer and Owner's Video sold separately.	\$205.70

Concord
Concord Packages

Concord Hardwire Packages

These Concord Hardwire Packages feature touchpads of your choice, hardwire recessed magnetic contacts, a hardwire pet immune PIR motion sensor and hardwire speaker.

Part Number	Product Name	Product Description & Notes	Col 4
80-870	Concord Hardwire Package H16	Includes Concord Hybrid hardwire control panel, 2x16 LCD Touchpad, phone cord, RJ31X jack, lock set, (3) recessed hardwire magnetic contacts, (1) hardwire pet immune motion sensor, (1) hardwire interior speaker. Battery, transformer and Owner's Video sold separately.	\$152.26
80-908	Concord RF16 Hardwire Package H17	Includes Concord RF16 Integrated control panel, Fixed Display Touchpad, 30 VA Class II transformer, phone cord, RJ31X jack, lock set, (3) recessed hardwire magnetic contacts, hardwire pet-immune motion sensor, interior speaker. Battery and Owner's Video sold separately.	\$159.00
80-909	Concord RF32 Hardwire Package H18	Includes Concord RF32 Integrated control panel, 2x16 LCD Touchpad, 30 VA Class II transformer, phone cord, RJ31X jack, lock set, (3) recessed hardwire magnetic contacts, hardwire pet-immune motion sensor, interior speaker. Battery and Owner's Video sold separately.	\$203.00
80-862	Concord RF32 ATP1000 Hardwire Package	Includes Concord RF32 Integrated control panel, ATP1000 2x16 LCD Alphanumeric Touchpad, 30 VA Class II transformer, phone cord, RJ31X jack, lock set, (3) recessed hardwire magnetic contacts, hardwire pet-immune motion sensor, interior speaker. Battery and Owner's Video sold separately.	\$203.00

Concord
Concord Control Panels

Concord Control Panels

Concord panels include an Owner's Manual and Installation Instructions. UL listed; see Installation Instructions for listings and requirements. Listed with California State Fire Marshall. CUL (UL Canada) listed. Concord panels are compatible with SAW and crystal sensors, and require SuperBus 2000 peripherals.

Part Number	Product Name	Product Description & Notes	Col 4
60-734-01	Concord Hybrid Control Panel	8-zone hardwire panel. Optional wireless receivers available. Requires SuperBus 2000 peripherals. Battery, transformer, phone cord, jack, lock set and Owner's Video ordered separately.	\$89.95
60-792-01-95R-16Z	Concord RF 16 Integrated Control Panel	Integrated 16-zone wireless/8-zone hardwire panel. Compatible with SAW and crystal sensors. Requires SuperBus 2000 peripherals. Battery, transformer, phone cord, jack, lock set and Owner's Video ordered separately.	\$123.21
60-792-01-95R-32Z	Concord RF 32 Integrated Control Panel	Integrated 32-zone wireless/8-zone hardwire panel. Compatible with SAW and crystal sensors. Requires SuperBus 2000 peripherals. Battery, transformer, phone cord, jack, lock set and Owner's Video ordered separately.	\$148.71

Concord
Concord Control Panel Accessories

Concord Control Panel Accessories

Part Number	Product Name	Product Description & Notes	Col 4
60-763	Lock and Key Set for Enclosures	Included in Concord packages.	\$2.75
60-800	Enclosure, Phone Interface Module or Input/Output Modules	Enclosure for external mounting of Phone Interface Module or up to (2) Input or Output Modules.	\$6.50
60-793	Panel or Expansion Enclosure	Concord metal panel enclosure. Can also hold up to six single-sized SuperBus modules.	\$18.02
58-562	Concord Accessory Kit	Contains resistors, screws & anchors, supports, decal and battery cables. Included with Concord Hybrid and Integrated panels and packages.	\$2.50
50-039	Concord Antenna Assembly	2 antennas are included with Concord Integrated panels and radio receivers.	\$1.50
60-791	Installation Programming Cable	Quick plug cable for programming touchpads.	\$4.68
49-069	Phone Cord	Included in Concord packages.	\$2.03
13-081	RJ31X Telco Jack	Included in Concord packages.	\$1.81
49-504	2-Wire Alarm Phone Line Adaptor	BW-1 Alarm Line Seizure Connector. Quickly connect any alarm panel to the phone line interface without disturbing the existing connections to obtain line seizure. www.lineseizure.com has details.	\$5.15
49-505	1-Wire Alarm Phone Line Adaptor	BW-3 Alarm to Phone Line Connector for new style interface.	\$5.15
49-506	1-Wire Panel RJ Style Phone Line Adaptor	BW-8 8-pin RJ-style adapter. Quickly plug the phone line into panels that have onboard RJ31X female jacks.	\$5.15
60-928	Multi-Purpose Housing	Rugged plastic enclosure designed to hold a variety of circuit boards. It can be adapted for many different installation situations.	\$17.95
60-927	Accessory Box, Cellular Backup, White	For use with Cellular Backup Modules.	\$18.52
60-789	Phone Line Monitor Card	Monitors the voltage of the phone line connected a Concord panel. If low line voltage is detected, it initiates a trouble message. Easy, plug-in installation. For Concord panels with software version of 2.5 or later. Not compatible with Concord Express.	\$6.23

Concord Peripherals

Concord Peripherals

Part Number	Product Name	Product Description & Notes	Col 4
60-764-01-95R-16Z	16-Zone SuperBus 2000 Radio Receiver	16 zone wireless SAW receiver. Receives signals from SAW or crystal wireless sensors. Can be mounted in the panel or up to 2,800' away. Maximum of 4 receivers per panel.	\$71.51
60-764-01-95R-32Z	32-Zone SuperBus 2000 Radio Receiver	32-zone wireless SAW receiver. Receives signals from SAW or crystal wireless sensors. Can be mounted in the panel or up to 2,800' away. Maximum of 4 receivers per panel.	\$98.34
60-764-01-95R-MAX	96-Zone SuperBus 2000 Radio Receiver	96-zone wireless SAW receiver. Receives signals from SAW or crystal wireless sensors. Can be mounted in the panel or up to 2,800' away. Maximum of 4 receivers per panel.	\$125.17
60-756	Combo Input/Output SnapCard	3 hardwire inputs, 1 two-wire smoke input, 2 Form-C relay outputs. 2k ohm resistors included.	\$25.01
60-757	8-Zone Input SnapCard	6 hardwire inputs, 2 two-wire smoke inputs. 2k ohm resistors included.	\$25.01
60-758	4-Zone Output SnapCard	4 Form-C relay outputs.	\$27.80
60-774	SuperBus 2000 8-Zone Input Module	Adds 8 additional supervised hardwire zones. 2k ohm resistors included.	\$41.72
60-770	SuperBus 2000 4 Relay Output Module	Adds 4 programmable relay outputs. 2k ohm resistors included.	\$41.72
60-836	SuperBus 2000 Voice Module	Expand the panel with advanced voice messaging functions. Digital voice chip has a vocabulary of over 220 words. Requires 8 ohm speaker.	\$48.58
60-777-01	SuperBus 2000 Phone Interface/Voice Module	Adds phone control, on-premise voice annunciation, and voice zone descriptors. Requires 8 ohm speaker.	\$89.40
60-861	SuperBus 2000 Wireless Gateway Module	Provides the ability to control and monitor Concord (version 3.0 or later) using an internet web site. A wireless data transceiver on the module provides the link from the panel to the web site through a wireless 2-way paging network. Service available through a third party provider at additional cost. Service not available in all areas. Not compatible with Concord Express or Advent.	\$206.96

60-764-01-95R-16Z	16-Zone SuperBus 2000 Radio Receiver	16 zone wireless SAW receiver. Receives signals from SAW or crystal wireless sensors. Can be mounted in the panel or up to 2,800' away. Maximum of 4 receivers per panel.	\$71.51
60-764-01-95R-32Z	32-Zone SuperBus 2000 Radio Receiver	32-zone wireless SAW receiver. Receives signals from SAW or crystal wireless sensors. Can be mounted in the panel or up to 2,800' away. Maximum of 4 receivers per panel.	\$98.34
60-764-01-95R-MAX	96-Zone SuperBus 2000 Radio Receiver	96-zone wireless SAW receiver. Receives signals from SAW or crystal wireless sensors. Can be mounted in the panel or up to 2,800' away. Maximum of 4 receivers per panel.	\$125.17
60-756	Combo Input/Output SnapCard	3 hardwire inputs, 1 two-wire smoke input, 2 Form-C relay outputs. 2k ohm resistors included.	\$25.01
60-757	8-Zone Input SnapCard	6 hardwire inputs, 2 two-wire smoke inputs. 2k ohm resistors included.	\$25.01
60-758	4-Zone Output SnapCard	4 Form-C relay outputs.	\$27.80
60-774	SuperBus 2000 8-Zone Input Module	Adds 8 additional supervised hardwire zones. 2k ohm resistors included.	\$41.72
60-770	SuperBus 2000 4 Relay Output Module	Adds 4 programmable relay outputs. 2k ohm resistors included.	\$41.72
60-836	SuperBus 2000 Voice Module	Expand the panel with advanced voice messaging functions. Digital voice chip has a vocabulary of over 220 words. Requires 8 ohm speaker.	\$48.58
60-777-01	SuperBus 2000 Phone Interface/Voice Module	Adds phone control, on-premise voice annunciation, and voice zone descriptors. Requires 8 ohm speaker.	\$89.40
60-861	SuperBus 2000 Wireless Gateway Module	Provides the ability to control and monitor Concord Commercial (version 3.0 or later) using an internet web site. A wireless data transceiver on the module provides the link from the panel to the web site through a wireless 2-way paging network. Service available through a third party provider at additional cost. Service not available in all areas.	\$206.96

Quik Bridge®
Quik Bridge Receivers and Repeaters

Quik Bridge Receivers and Repeaters

Quik Bridge Receivers connect to most hardwire panels, allowing GE Security wireless sensors to be used with existing hardwire systems. Repeaters connect to GE Security wireless panels, extending the operating range of remote sensors.

Quik Bridge Receivers

Part Number	Product Name	Product Description & Notes	Col 4
60-660-01-95R	Quik Bridge Supervised 8-Channel Loop Receiver	8-channel receiver allows up to 16 Learn Mode wireless sensors (2 per channel) to be used. Powered from hardwire panel. Quik Bridge Receivers are not compatible with Simon panels. Compatible with SAW and crystal sensors.	\$63.71
60-760-95R	Quik Bridge Non-Supervised 2-Channel Receiver	Non-supervised 2-channel receiver enables use of up to 4 wireless Learn Mode sensors. Quik Bridge Receivers are not compatible with Simon panels. Compatible with SAW and crystal sensors.	\$23.76
60-760-01-95R	Quik Bridge Supervised 1-Channel Receiver	Supervised 1-channel capability. Quik Bridge Receivers are not compatible with Simon panels. Compatible with SAW and crystal sensors.	\$19.51

Quik Bridge Repeaters

60-401	RF Sniffer	Installation tool used to determine if a Learn Mode sensor is transmitting.	\$27.80
60-908-95R	SX-V to Learn Mode Translator	Converts signals from non-Learn Mode transmitters (used with SX-V®, CareTaker® and RF Commander® panels) to Learn Mode technology, enabling older in-place non-Learn-Mode installations to be used with new panels such as Simon, Concord Express and Concord. Not compatible with Advent or Concord Ultra.	\$110.49

Wireless Sensors
Wireless SAW PIR Motion Sensors

Wireless SAW PIR Motion Sensors

SAW Passive Infrared motion sensors provide detection inside an enclosed structure. These motion sensors feature value pricing and user-replaceable alkaline batteries (included). Not compatible with Advent Home Navigator, Advent Commercial, Advent Commercial Fire and Concord Ultra.

Part Number	Product Name	Product Description & Notes	Col 4
60-639-95R	Indoor SAW PIR Motion Sensor	Two sensitivity settings. Small and unobtrusive. Optional Pet Alley lens. 35' x 40' coverage area. Masking kit included.	\$73.33
60-807-95R	Indoor SAW PIR Pet Immune Motion Sensor	Two sensitivity settings. Small and unobtrusive. False alarm immunity for pets having a combined weight of up to 40 pounds. 35' x 40' coverage area.	\$67.66
Indoor SAW PIR Pet Immune Motion Sensor Bulk Packs			
60-807-95R-PK	Indoor SAW PIR Pet Immune Motion Sensor, 10/pk	10-pack of 60-807-95R.	\$642.79
Outdoor SAW PIR Motion Sensors			
60-639-95R-OD	Outdoor SAW PIR Motion Sensor	Use in driveways, walkways, etc., where chime notification of movement outside the premises is required, or to turn on an exterior light upon approach. Passive infrared detection. 35' x 40' coverage area. Masking kit included.	\$82.61
SAW Motion Sensor Accessories			
60-600	1.5 VDC AA Alkaline Battery, 6/pk		\$2.74
60-709	Pet Alley Lens/Mask Kit, 3/pk		\$8.20
60-737	Swivel Mount Kit		\$2.75

Wireless Sensors
Wireless Crystal PIR Motion Sensors

Wireless Crystal PIR Motion Sensors

Crystal Passive Infrared motion sensors provide detection inside an enclosed structure. Powered by long-lasting lithium batteries (included).

Part Number	Product Name	Product Description & Notes	Col 4
60-703-95	Crystal PIR Motion Sensor	Two sensitivity settings. Ships with one AA lithium battery for an estimated 8-10 years battery life. Add an additional battery to extend the operating life. 35' x 40' coverage area. Optional pet lens.	\$76.87
60-880-95	AP750W Crystal PIR Motion Sensor	Passive infrared detection inside an enclosed structure. Coverage area and sensitivity modes are field-selectable. 33' or 50' coverage area. Cover-activated tamper.	\$78.63
60-511-01-95	DS924i Crystal PIR Motion Sensor	Passive infrared detection inside an enclosed structure. 3 sensitivity settings. 40' x 40' standard coverage pattern. Includes masking kit to adjust coverage pattern. Optional lenses available.	\$86.28
60-511-02-95	DS924i Pet Immune Crystal PIR Motion Sensor	Passive infrared detection inside an enclosed structure. 3 sensitivity settings. 40' x 40' standard coverage pattern. Includes masking kit to adjust coverage pattern. For use with pets up to 40 pounds. Not compatible with optional DS924 lenses.	\$86.28
Crystal PIR Motion Sensor Accessories			
60-619	3.6 VDC Full Size AA Lithium Battery, 6/pk		\$26.18

Wireless Sensors
Crystal Universal Fire Transmitters, Heat Sensors & Fire Pulls

Crystal Universal Fire Transmitters, Heat Sensors & Fire Pulls

Part Number	Product Name	Product Description & Notes	Col 4
Universal Fire Transmitters			
60-917-95	Crystal Universal Fire Transmitter, Advent Commercial Fire	The Universal Fire Transmitter (UFT) is a supervised, wireless, encrypted Learn Mode sensor that adds wireless capability to a standard hardwire fire detection device. Compatible with Advent Commercial Fire panels. Includes 1 AA lithium battery, not field-replaceable. Up to 10-year battery life. Sensor must be returned to GE Security for battery replacement.	\$42.21
Heat Sensors			
60-460-319.5	Crystal Rate-of-Rise Heat Sensor with Alkaline Battery	Responds to high temperatures or rapid temperature changes. Provides detection for up to 2500 sq. ft. Activates when temperature increases 15° F/minute or greater. Fixed temperature sensor activates at 135° F. Alkaline battery included.	\$38.94
60-460-319.5-LB	Crystal Rate-of-Rise Heat Sensor with Lithium Battery	Responds to high temperatures or rapid temperature changes. Provides detection for up to 2500 sq. ft. Activates when temperature increases 15° F/minute or greater. Fixed temperature sensor activates at 135° F. Lithium battery included.	\$42.18
60-460-01-95	Crystal 200° Rate-of-Rise Heat Sensor with Lithium Battery ***Coming Soon***	Responds to high temperatures or rapid temperature changes. Activates when temperature increases 15° F/minute or greater. Fixed temperature sensor activates at 200° F. Lithium battery included.	NA
Heat Sensor Accessories			
60-814	9 VDC Eveready Energizer Alkaline Battery, 3/pk	Price break available at 52 units.	\$5.73
60-811	9 VDC, 550 mAh, Duracell Alkaline Battery, 3/pk	Price break available at 80 units.	\$6.39
60-713	9 VDC UltraLife Lithium Battery		\$5.14
Fire Pull Station			
60-589-319.5	Crystal Fire Pull Station Sensor with Transmitter	Allows a person to activate a fire alarm in the event of a fire. Built-in wireless transmitter. Key reset.	\$41.72
Fire Pull Station Accessories			
60-813-09	3.6 VDC ½ Size AA Lithium Battery, 9/pk		\$25.95
60-813-50	3.6 VDC ½ Size AA Lithium Battery, 50/pk		\$93.55

Wireless Sensors
Wireless Panic Sensors

Wireless Panic Sensors

Part Number	Product Name	Product Description & Notes	Col 4
60-906-95	Crystal Micro Wristwatch Panic Button	A water-resistant wireless device used for activating police, medical, or auxiliary alarms. When the panic button is pressed, the LED mounted under the front cover will blink and an alarm signal is transmitted. The button has different adapters which easily fit onto the panic button. Using these adapters, the panic button can be worn like a watch, clipped on a belt, used as a pendant or mounted on the wall. Water-resistant to 3 feet. Compatible with all control panels.	\$35.31
600-1011-95R	SAW Micro Wristwatch Panic Button ***Coming Soon***	SAW version of 60-906-95, above. Not compatible with Advent Home Navigator, Advent Commercial, Advent Commercial Fire and Concord Ultra.	NA
60-578-10-95	Water-Resistant Crystal Pendant Panic Sensor	Allows a person to wear a sensor that can activate a panic alarm. Can be worn around neck or can be clipped to a belt or purse. Recessed panic button prevents false alarms. Optional wall mount bracket available. Compatible with all control panels. Use with Quik Bridge Receivers.	\$34.30
60-452-10-319.5	Crystal Pendant Panic Sensor	Allows a person to wear a sensor that can activate a panic alarm. Can be worn around neck. Recessed panic button prevents false alarms.	\$31.51
60-457-10-319.5	Double-Button Crystal Panic Sensor	Allows a person to activate an emergency alarm. Two buttons must be pressed together, reducing the likelihood of false alarms.	\$27.80
60-458-10-319.5	Single-Button Crystal Panic Sensor	Allows a person to activate an emergency alarm. Single button press for easy alarm activation.	\$27.80

Wireless Controls & Sensors Terms & Conditions

Ordering

Orders are only considered accepted by GE Security upon shipment or issuance of a formal written acknowledgement. Release of orders for shipment is subject to GE Security Credit Department approval. GE Security will attempt to meet requested shipping dates. If no specific date is requested, we will assign the best possible ship date available. Same day shipment is generally available on current generation controls and primary peripherals. Specialty equipment and/or legacy components may take 1 week to 10 days for order fulfillment.

To order, call 1-888-GE-SECURITY (1-888-437-3287)

Price Disclaimer

Prices in effect at time of order placement shall prevail. All price lists are considered effective with the date printed on the cover and supersede all other published price lists. GE Security reserves the right to change prices without prior notice. Prices are only for shipment within the United States and Canada.

Selling Information

Distribution of price lists does not in itself constitute an offer to sell. Certain GE Security brands are not sold on a direct basis or require execution of a formal Dealer Purchase Agreement before a direct buying relationship will be established. Column pricing level is assigned based on committed purchase volume. GE Security reserves the right to change assigned column price without prior notice. Orders will be accepted only from authorized GE Security Buyers.

Shipping

Shipments to Buyers purchasing under normal GE Security Column Pricing are freight prepaid for orders over \$500.00 and allowed to one U.S. or Canadian destination. Shipments will be made using ground delivery services and via GE Security's designated carrier. Shipping of Smart ConnectionCenter ConnectionCable is excluded from this policy. Ask at time of order placement about the cable shipping policy.

Order Charge

Buyer is responsible for freight charges on orders under \$500.00 (calculated in U.S. dollars). An additional \$15.00 charge applies to orders under \$50.00.

Expedited Delivery

All freight charges on orders that are expedited at the Buyer's request will be added to the product invoice. No additional order charges will apply.

COD Shipments

Additional carrier charges may apply on C.O.D. or C.O.D. certified shipments. These charges will be added to the product invoice.

Designated Carrier

All shipments will be made via GE Security's designated carrier. Buyer's requests for shipment via an alternate carrier are subject to the carrier charges.

Designated Warehouse

GE Security reserves the right to designate shipping point or warehouse location. Orders may be split-shipped from more than one warehouse.

Wireless Controls & Sensors Terms & Conditions

Standard Terms and Conditions of Sale

GOODS SOLD BY GE SECURITY ARE EXPRESSLY SUBJECT TO AND CONDITIONED UPON APPLICATION OF THE TERMS AND CONDITIONS SET FORTH BELOW. ANY DIFFERENT OR ADDITIONAL TERMS SET FORTH BY BUYER, WHETHER IN BUYER'S PURCHASE ORDER OR ANOTHER COMMUNICATION, ARE EXPRESSLY OBJECTED TO AND WILL NOT BE BINDING ON GE SECURITY UNLESS AGREED TO IN WRITING BY AN AUTHORIZED OFFICER OF GE SECURITY.

Sales & Payment Terms

Terms are Net 30 days. Past due accounts will be subject to the maximum legal rate of interest or 1.5% per month, whichever is less. If a delinquent account is sent to collections, Buyer is responsible for all collection and attorney fees. All payments are to be made in US dollars. If a Buyer's account becomes past due, GE Security may ship products on a COD, or COD plus basis or refuse shipments until the account is paid in full.

Acceptable Forms of Payment

All remittances must be in a single payment in the full amount of the invoice (adjusted for any debit memos) and must be in accordance with the following requirements: 1) Wire or electronic funds transfer (referencing invoice number) and buyer must be the originator of wire 2) Buyer Company check (drawn on company account with company name) 3) Irrevocable letter of credit (referencing invoice number). Third Party checks, bank checks and foreign drafts will only be accepted if approved in advance in writing by the CFO of GE Security and must have accompanying documentation which references invoices being paid.

Security Interest

Buyer hereby grants to GE Security, and GE Security reserves, a purchase money security interest in each product sold by GE Security to Buyer in the amount of its purchase price. Any such security interest shall be satisfied by payment in full of the invoiced amount. Buyer agrees to execute any and all such documents, including financing statements, as may be necessary for GE Security to perfect such security interest. Notwithstanding the foregoing, a copy of the Agreement may be filed on behalf of GE Security with the appropriate authorities at any time after signature by Buyer as and for a financing statement.

Prices

Products and services will be invoiced at prices in effect as of date of shipment (invoice date). Prices are not necessarily valid for other current and future sales. Any and all invoice errors must be disputed within 15 days of invoice date, and are subject to correction by GE Security. Prices exclude any present or future federal, state, provincial, local or other governmental taxes, duties, and tariffs applicable to the sale, transportation or use of products purchased, all of which taxes, duties and tariffs shall be paid by Buyer. International sales are subject to applicable transportation and import duties, licenses, and fees, or as agreed to by the purchase order. All prices are F.O.B. shipping point.

Change in Buyer's Financial Condition

GE Security reserves the right to cancel an order or require full or partial payment if (1) solvency of Buyer is in question, (2) buyer files for bankruptcy, (3) there is an appointment of trustee or receiver for buyer, or (4) execution of buyer by creditors. GE Security also reserves the right to cancel Buyer's credit any time.

Wireless Controls & Sensors Terms and Conditions

Delivery, Title and Risk of Loss

All shipments will be F.O.B. Shipping Point, and title and risk of loss will pass to Buyer when accepted for shipment by the freight company. On time shipment is dependent upon Buyer promptly supplying all necessary documentation. GE Security will ship via its preferred carrier. GE Security reserves the right to make partial shipments unless specifically stated otherwise on Buyer's purchase order. Freight charges are pre-paid by GE Security and will be invoiced to Buyer. Buyer must file claims for damaged items promptly with the freight carrier. GE Security will determine the point of shipment. Products may ship from multiple locations.

Excusable Delays

GE Security shall use commercially reasonable efforts to deliver all products ordered by Buyer as soon as reasonably practicable. In the event of interruption of any such delivery due to causes beyond the reasonable control of GE Security, including but not limited to fire, labor disturbances, riots, accidents, inability to obtain necessary materials or components, GE Security shall have the right, in its sole discretion and upon oral or written notice to Buyer, to delay or terminate such delivery. Upon receipt of such notice, Buyer shall have the option to change or terminate such orders.

Shortages

Buyer must notify GE Security Customer Service of shortages within 7 business days. All claims for shortages shall be waived and released after 7 business days of receipt. At GE Security's option, shipment will be fulfilled or a credit will be mailed to Buyer within 30 days of claim receipt.

Software License

As used in these terms and conditions, the term "Software" means a machine-readable, object code form only, computer program or compilation of data that is fixed in any tangible medium of expression, or any storage medium from which the program may be perceived, reproduced or otherwise communicated, only with the aid of a machine or device, and shall include without limitation to any of Seller's proprietary operating software, provided for the ordinary operation of the products, any optional software to enhance the operation of the Products, as well as any upgrades or revisions of this material Seller provides in fulfillment of a specific written commitment or otherwise. Nothing herein shall be deemed to create an obligation on the part of GE Security to provide any support, upgrades or revisions to any Software other than pursuant to a separate written obligation to do so. Buyer is granted a limited license for any software and related user documentation delivered by GE Security, whether as part of any product or separately. Buyer is not granted a license for any other software or documentation. This license allows Buyer to: (i) Use the software and user documentation only on the products on which it is installed at the time of delivery or, if the Software is supplied separately, in connection with products supplied by GE Security. Buyer must obtain a supplementary license from GE Security (which GE Security may or may not grant in its sole discretion) before using the software in connection with any other equipment or for any other purpose; and (ii) make one copy of the software in machine-readable form solely for backup purposes, provided that Buyer must reproduce on any such copy the copyright notice and any other proprietary legends that were on the original copy. Buyer shall have no other rights under this license. Buyer may not distribute copies of the software or user documentation to others or electronically transfer the software from one computer to another over a network. The software contains trade secrets of GE Security. In order to protect such trade secrets, Buyer may not modify, decompile, reverse engineer, disassemble, or otherwise reduce the software to a human-perceivable form. BUYER MAY NOT MODIFY, ADAPT, TRANSLATE, RENT, LEASE, LOAN, RESELL FOR PROFIT OR OTHER PURPOSE, DISTRIBUTE, NETWORK, OR CREATE DERIVATIVE WORKS BASED UPON THE SOFTWARE OR ANY PART THEREOF. All software and user documentation is protected by the copyright laws, works of authorship, and patents of the United States of America and by applicable international treaties. No license under such rights is transferred to Buyer, except as specifically provided above. All software provided by GE Security remains GE Security's property. If Buyer receives any software that renders other software that Buyer then has redundant, Buyer must return the redundant software to GE Security.

Wireless Controls & Sensors Terms and Conditions

Patents

GE Security warrants that products furnished hereunder shall be delivered free of any rightful claim of any third party for infringement of any United States patent. If notified promptly in writing and given authority, information and assistance, and contingent upon Buyer not taking any position adverse to GE Security in connection with such claim, GE Security shall defend, or may settle at its expense, any suit or proceeding against Buyer so far as based on a claimed infringement which would result in a breach of the warranty stated in this section and GE Security shall pay all damages and costs awarded therein against Buyer due to such breach. In case any Product or part thereof is in such suit held to constitute such an infringement and the use for the purpose intended of said product or part is enjoined, GE Security shall, at its expense and option, either procure for Buyer the right to continue using said product or part, or replace same with a non-infringing product or part, or modify same so it becomes non-infringing, or remove the product and refund the purchase price (less reasonable depreciation for any period of use) and any transportation costs separately paid by Buyer. The foregoing states the entire liability of GE Security for patent infringement by the products or any part thereof. This does not apply to any product or part specified by Buyer or manufactured to Buyer's design, or to the use of any product furnished hereunder in conjunction with any other product in a combination not furnished by GE Security as a part of this transaction. As to any such product or part, or use in such combination, GE Security assumes no liability whatsoever for patent infringement and Buyer will hold GE Security harmless against any infringement claims arising there from.

Custom Products

Intellectual property resulting from the development of custom products (including but not limited to hardware, software and technical documentation) for a buyer are exclusively the property of GE Security and may not be reproduced, redistributed or resold by Buyer without prior written permission, or the proprietary rights therein are specifically transferred to Buyer from GE Security.

Limitation of Liability

(a) GE Security's liability to Buyer on any claim of any kind, whether as a result of breach of contract, warranty, indemnity, tort (including negligence), strict liability or otherwise, for any loss or damage arising out of, connected with, or resulting from the transaction, or from GE Security's performance or breach thereof, or from the design, manufacture, sale, resale, installation, repair, operation or use of any products furnished herein, shall in no even (except as specifically provided for under the "Patents" section) exceed the price paid by Buyer for the products which give rise to the claim. Any such liability shall terminate upon the expiration of the applicable warranty period, provided, however, that Buyer's rights to prove title in the products purchased from GE Security shall not terminate. (b) In no event, whether as a result of breach of contract, warranty, indemnity, tort (including negligence and strict liability) or otherwise, shall GE Security or its suppliers be liable for any special, consequential, incidental or penal damages, including but not limited to, loss of profit or revenues, loss of use of the products or any associated equipment, damage to associated equipment, cost of capital, cost of substitute products, facilities or services, down time costs, or claims of Buyer's customer for such damage. (c) Unless otherwise agreed to in writing and signed by the President and CEO of GE Security, products sold are not intended for use in connection with any nuclear facility or activity. If resold by Buyer for such use, GE Security disclaims all liability for any nuclear damage, injury or contamination, and Buyer shall indemnify GE Security against any such liability, whether as a result of breach of contract, warranty, tort, including negligence and strict liability) or otherwise.

Wireless Controls & Sensors Terms and Conditions

Disclaimer

GE SECURITY DOES NOT MAKE ANY CLAIMS OR WARRANTIES OF ANY KIND REGARDING ANY PRODUCT'S POTENTIAL, ABILITY OR EFFECTIVENESS TO DETECT, MINIMIZE, OR IN ANYWAY PREVENT DEATH, PERSONAL INJURY, PROPERTY DAMAGE OR LOSS OF ANY KIND WHATSOEVER. GE SECURITY IS NOT RESPONSIBLE FOR ANY DEATH, PERSONAL INJURY, DAMAGE OR LOSS OR THEFT RELATED TO THE PRODUCT OR ITS USE OR FOR ANY HARM, WHETHER PHYSICAL OR MENTAL RELATED THERETO. GE SECURITY DOES NOT REPRESENT THAT THE PRODUCT MAY NOT BE COMPROMISED AND OR CIRCUMVENTED, OR THAT THE PRODUCT WILL PREVENT DEATH, PERSONAL INJURY AND /OR BODILY INJURY, AND/OR DAMAGE TO PROPERTY OF PURCHASER OR OTHERS RESULTING FROM BURGLARY, ROBBERY, FIRE OR OTHERWISE, OR THAT THE PRODUCT WILL IN ALL CASES PROVIDE ADEQUATE WARNING OR PROTECTION. BUYER UNDERSTANDS THAT A PROPERLY INSTALLED AND MAINTAINED PRODUCT MAY ONLY REDUCE THE RISK OF EVENTS SUCH AS BURGLARY, ROBBERY, FIRE OR SIMILAR EVENTS WITHOUT WARNING, BUT IT IS NOT INSURANCE OR A GUARANTEE THAT SUCH EVENTS WILL NOT OCCUR OR THAT THERE WILL BE NO DEATH, PERSONAL INJURY AND/OR PROPERTY DAMAGE AS A RESULT. GE SECURITY SHALL NOT BE LIABLE FOR ANY DEATH, PERSONAL INJURY, PROPERTY DAMAGE OR LOSS OF ANY KIND WHATSOEVER TO PURCHASER OR OTHERS, WHETHER DIRECTLY, INDIRECTLY, INCIDENTALLY, CONSEQUENTIALLY OR OTHERWISE, CAUSED BY THE OPERATION, NONOPERATION, FUNCTIONING, MALFUNCTIONING OR MISUSE OF THE PRODUCT.

Proprietary Information

Buyer agrees that GE Security has and claims various proprietary rights in the hardware, firmware, software and the integration of ancillary materials, knowledge and designs that constitute GE Security Products and that it will not directly or indirectly cause any such proprietary right to be violated.

Design Changes

GE Security reserves the right to make changes in design of any of its Products without incurring any obligation to notify Buyer or to make the same change to units previously purchased.

Export Laws

Buyer agrees to comply with all applicable export laws, assurances, codes and license requirements, and controls of the United States and other applicable jurisdictions in connection with the use and resale of GE Security Products including Buyers acceptance of responsibility for the payment of any relevant taxes or duties, etc.

Anti Money Laundering

GE Security is firmly committed to avoid involvement with money laundering, to comply fully with all applicable anti-money laundering and currency reporting and record keeping requirements and to taking affirmative steps to prevent, detect and report to appropriate authorities suspected violations. GE Security will request information from its buyers to sufficiently determine that buyer to be legitimate, trustworthy and creditworthy concern.

Governing Law

The internal substantive laws of the state of New York shall govern this transaction.

**Wireless Controls & Sensors
Return and Warranty Policy**

** Policy Effective Nov 15, 2004 / Expires Dec 31, 2005 **

General Return Information

A Return Material Authorization (RMA) is required for all product returns including credit returns, advance replacements, warranty repairs, and non-warranty repairs. This can be obtained by calling, faxing, or e-mailing the GE Security Customer Service Center. Please have access to the product(s) and the following information when contacting:

Original PO #
SKU/Part #
Serial #, if available

After the product has been packaged appropriately, place the RMA # on the outside of the package with a written explanation setting forth the potential defect in reasonable detail. Once complete, send the product to the specified return location given by the Customer Service Center.

All products must be returned freight prepaid and within **30 days** of obtaining the RMA. GE Security reserves the right to cancel the RMA after this time period. If you fail to return product within the 30 days, please contact the Customer Service Center for a new RMA. **Freight collect returns or unauthorized returns will not be accepted and will be returned to the sender upon receipt at buyer expense.** All returns and repairs are subject to evaluation upon receipt.

Wireless Controls & Sensors Return and Warranty Policy

Warranty Repair cont'd

Limited Warranty (a) GE Security warrants that its products are free from defects in workmanship and materials, and will conform to GE Security's published specifications, subject to the terms of the GE Security Limited Warranty. With respect to any product furnished by GE Security, the forgoing shall apply only to failures to meet said warranty that appear within the applicable warranty period set forth in GE Security's Limited Warranty policy available at www.GE-Security.com. The warranty extends only to Buyer and does not extend to any other party. GE Security is not responsible for conditions or applications over which GE Security has no control. Defects or problems as a result of such conditions or applications are not the responsibility of GE Security. Such conditions include normal wear and tear, catastrophe, fault or negligence of the user or a party other than GE Security, improper installation, application, storage, maintenance or use of products, or other causes external to products, or failure to conform to any applicable recommendations of GE Security. The warranty does not cover, and GE Security does not warrant, batteries of any type used in connection with other products furnished. To the extent that any product includes "Software" (as defined in the article entitled "Software" herein), whether included in a product furnished hereunder or provided separately, GE Security warrants that such Software will, at the time of delivery by GE Security, conform in all material respects to GE Security's documentation relating to such Software ("User Documentation"). (b) If any product fails to meet the limited warranty, GE Security shall, at its option, correct any such failure by repairing any defective or damaged parts of damaged product, or make available, F.O.B. shipping point, any necessary repaired or replacement parts. GE Security reserves the right to replace any product under warranty with new or remanufactured product. GE Security will not be responsible for labor costs of removal or reinstallation of products. The repaired or replaced product is then warranted under the terms of the limited warranty for the balance of the term of the warranty or for 90 days, whichever is longer. For any warranty claim, Buyer should contact Customer Service and request authorization to return the product (see "Returns" section above). (c) **The preceding subsections of this "Limited Warranty" section set forth the exclusive remedies for claims based on any defect, failure, malfunction, or any other performance or non-performance of any product, whether the claim is in contract, indemnity, warranty, tort (including negligence), strict liability or otherwise, and however instituted. Upon expiration of the applicable limited warranty period, any liability of GE Security in connection with such exclusive remedies shall terminate, and Buyer shall have 30 days after the warranty period to give written notice of any defects, failures, malfunctions, or other performance or non-performance issue that appeared during the warranty period. Except as set forth in the section entitled "Patents", the foregoing limited warranty is exclusive and in lieu of all other warranties, whether written, oral, implied or statutory. NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE SHALL APPLY.**

For more information on Limited Warranty, please refer to the Sales Terms & Conditions at www.gesecurity.com/tools

GE Security will return Warranty Repair items per incoming ship method at no additional charge.

Non-Warranty Repair

Buyer will be charged on all repairs and shipping costs for out of warranty equipment. Payment is accepted by purchase order or credit card. Charges may vary based on actual equipment and condition. Repair charges may be based on flat rate cost or parts & labor. Factory repairs are granted an extended warranty of 120 calendar days.

Credit Returns

GE Security will refund or credit new, standard production items that are unused and in original shipping cartons for a period of 60 days from the original date of shipment. All returned merchandise is subject to a 20% restocking & refurbishing fee. Credit must be used within one (1) year of the date of issue.

Advance Replacement

GE Security will advance replace defective equipment that has failed upon **initial install (bad-out-of-box)** with new or like new equipment for a period of **60 days** from the original date of shipment and up to **365 days** for select equipment, pending availability. All replacements will be invoiced at shipment and credited upon receipt of the defective product. Invoices will remain outstanding if the returned product does not qualify under the replacement terms. To see your product's eligibility for Advance Replacement, refer to the table above.

****In special cases, distributor returns policy may vary based on prior contractual agreements.**

**** Policy is subject to change**

**** Refer to the GE Security website at <http://www.gesecurity.com/tools> for the latest Policy and up-to-date changes. Posted Policy is the Policy Master.**
