

**THE  
POWER  
OF  
ONE**

## **ONE PLATFORM**

All components are interchangeable

## **ONE PROGRAMMING ROUTINE**

Universal programming for all controls

## **ONE PROMISE**

Performance that Pays<sup>SM</sup>

## **ONE PARTNER. . . . .**

..... **CADDX**

# ONE PRODUCT LINE THAT DOES IT ALL

The NetworkX NX Series is powerful enough to use on most any installation, yet simple enough to learn only once.

- **Convenient** – program controls the same way, from 4 to 192 zones
- **Flexible** – install multiple modules in one enclosure
- **Expandable** – add zones quickly and cost-effectively
- **Reliable** – leading-edge wireless technology provides optimal performance
- **Scalable** – configure system easily to meet your customers' needs

## PANELS

### NX-4

- 4–8 zones, hardwire/wireless control panel

### NX-6

- 6–16 zones, hardwire/wireless control panel

### NX-8

- 8–48 zones, hardwire/wireless control panel

### NX-8-CB

- UL commercial version of NX-8 control panel, (no keypad, no transformer)

### NX-8-E

- 8–192 zones, hardwire/wireless control panel

## KEYPADS

### NX-108

- 8 zone LED keypad

### NX-116

- 16 zone LED keypad

### NX-124

- 24 zone LED keypad

### NX-1308

- 8 zone door design LED keypad

### NX-1316

- 16 zone door design LED keypad

# NetworX

## **NX-1324**

- 24 zone door design LED keypad

## **NX-148**

- LCD keypad

## **WIRELESS**

### **NX-400 Wireless Kit**

- NX-408 receiver, (2) NX-450 door/window transmitters, NX-481 pet immune motion sensor

### **NX-401 Wireless Kit**

- NX-408 receiver, (2) NX-450 door/window transmitters, NX-470 key fob

## **NX-408**

- 8 zone wireless expander module

## **NX-416**

- 16 zone wireless expander module

## **NX-448**

- 48 zone wireless expander module

## **NX-450**

- Wireless door/window transmitter, white

## **NX-451**

- Wireless door/window transmitter, brown

## **NX-452**

- Slimline door/window transmitter, white

## **NX-453**

- Slimline door/window transmitter, brown

## **NX-454**

- Micro door/window transmitter, white

## **NX-455**

- Micro door/window transmitter/brown

## **NX-458**

- Recessed door/window transmitter

## **NX-469**

- Wireless receiver enclosure

## **NX-470**

- 4-button key fob

## **NX-475**

- Panic pendant

## **NX-480**

- Wireless motion sensor

## **NX-481**

- Pet immune wireless motion detector

## **NX-487**

- Wireless glassbreak sensor

## **NX-490**

- Wireless photoelectric smoke detector

## **NX-495**

- Rate of rise heat detector with transmitter

## **564503-W**

- Combined wireless glassbreak and contact. Use with NX450/451

## **KITS**

### **4-ZONE KITS**

#### **NX-4-FP**

- NX-4 fast pack, NX-4 control panel, NX-1308 keypad, pet immune motion sensor, 15W speaker, transformer, RJ block and cord, battery

#### **NX-4-KIT**

- NX-4 control panel, NX-108 keypad, transformer

#### **NX-4-KIT-APT**

- Multi-family NX-4 kit with rotating maintenance code, no zone doubling

### **6-ZONE KITS**

#### **NX-6-FP**

- NX-6 fast pack, NX-6 control panel, NX-1308 keypad, pet immune motion sensor, 15W speaker, transformer, RJ block and cord, battery

#### **NX-6-Kit**

- NX-6 control panel, NX-108 keypad, transformer

#### **NX-6-Kit-APT**

- Multi-family NX-6 kit with rotating maintenance code, no zone doubling

## 8-ZONE KITS

### NX-8-FP

- NX-8 fast pack, NX-8 control panel, NX-1308 keypad, pet immune motion sensor, 15W speaker, transformer, RJ block and cord, battery

### NX-8-KIT

- NX-8 control panel, NX-1308 keypad, transformer

### NX-816 KIT

- NX-8 control panel, NX-1316 keypad, transformer

### NX-824 KIT

- NX-8 control panel, NX-124 keypad, transformer

### NX-848-KIT

- NX-8 control panel, NX-148 keypad, transformer

## ACCESSORIES AND MODULES

### NX-002

- X-pand-a-can for NX-4

### NX-003

- X-pand-a-can for NX-6 and NX-8

### NX-003C

- UL commercial enclosure NX-4/NX-6/NX-8/NX-8e

### NX-005

- Tamper switch and bracket

### NX-005C

- Tamper switch and bracket for NX-003C

### NX-216

- 8–16 zone hardwire expander module

### NX-320

- Power supply module/bus extender

### NX-460

- Sensor spacer, 20 pack, white

### NX-461

- Sensor spacer, 20 pack, brown

### NX-462

- Magnet spacer, 25 pack, white

### NX-463

- Magnet spacer, 25 pack, brown

### NX-485

- Pet alley lens, 3 pack

### NX-507

- Relay module, X-10 compatible

### NX-508 Combined output module:

- 8-output printer module, parallel printer module, X-10 compatible

### NX-534

- Two-way voice audio module with speaker and microphone

### NX-540

- Telephone interface module

### NX-580

- Celllemetry interface module–Uplink

### NX-582

- AES long range radio interface module

### NX-584

- Home automation/Access control interface module with RS232

### NX-6-B0

- NX-6 PC board only

### NX-8-B0

- NX-8 PC board only

### NX-870

- Fire supervision module

### SKYBOX

- SkyBox™ cellular backup system

# ONE PATH TO PROFIT:

From the ground up, NetworX is built for your bottom line.

**Keep inventory lean** – All NX products and accessories are universally compatible, so you won't need to stock an abundance of products.

**Slash training time** – All NX panels program the same way, from 4-192 zones, so when your technicians learn one they've learned the entire line.

**Stay competitive** – The NX line is totally versatile, so you have an arsenal of integrated

accessories that allow you to customize systems and meet your most demanding customers' needs.

**Avoid mistakes** – We back all NX products with expertise from factory representatives, dedicated field trainers, and an "in the trenches" technical support team to help you whenever you need it.

# ONE SOLUTION

# ONE PROMISE

## PERFORMANCE THAT PAYS<sup>SM</sup>

**Our mission is simple** – create profits for our customers. That's why we deliver products and services that give you a competitive edge and reduce your long-term costs.

Performance that Pays<sup>SM</sup> is our commitment to provide value throughout the useful life of our products – far beyond your initial product purchase. It's a dedication that Caddx shares with sensor-innovator Sentrol.

For starters, our False-Free Guarantee program offers a no-hassle performance warranty that covers you in the rare event of an unwanted alarm from any Sentrol sensor (or Caddx control.) We offer \$50 in product compensation

per sensor event. And if your Sentrol sensors are tied to a Caddx control panel, our support increases to \$150 per unwanted alarm and \$500 in the unlikely event of a non-detect incident.

Performance that Pays<sup>SM</sup> is also evident in our ongoing service and product support. Our renowned technical service and field training staff speaks your language and understands the tough environments you face. So we can solve your problem swiftly and give you the confidence to meet new challenges. Plus, you'll have an advantage with our professional end-user materials that make it easy for you to sell and keep customers longer.

## CADDX Brand

To learn more about Performance that Pays<sup>SM</sup> or our False-Free Guarantee contact your local Sentrol or Caddx brand representative.
